

GREETINGS FROM...

THE PASTOR

Welcome to Sunday School! In case you don't already know it, the Sunday School hour is one of the most important hours of the week in our church. It is the time when people of all ages gather with their peers to read and study the Bible. Fellowship and ministry also play a central role in this hour. Many people in our church will gladly confess that their closest and deepest friendships are among the members of their Sunday School class. This is why we encourage everyone to come to Sunday School. As you read this brochure, I believe you will find that we have a class that is just right for you. I hope you will join us every Sunday.

—David J. Hailey

THE ASSOCIATE PASTOR FOR CHRISTIAN DISCIPLESHIP

Through the Sunday School, we experience the church as our faith family. We experience Christian fellowship and develop strong friendships. Sunday School is also about reaching people and teaching people. Our textbook is the Bible, which we explore with a view toward enriching the lives of people as they come to understand the love of God revealed in Jesus Christ. Since our Lord has called us to follow him in a life-long adventure, all ages are involved in continuing learning opportunities through Sunday School. As a result of our study and fellowship together, a variety of helping ministries happen. In a real sense, Sunday School is all about caring for people!

—Julia Ledford

THE MINISTER WITH CHILDREN

Sunday School is an important hour in the lives of our preschoolers and children. Our teachers take seriously their role in providing a safe environment that nurtures the faith formation of our youngest infants to our preteens. In our preschool classrooms, you may see what looks like simple playing, but our teachers are sharing Bible stories and Bible thoughts as our children play in centers intentionally planned for the day. In our grade-school classrooms, you will see teachers building relationships as they tell Bible stories, encourage the children to get involved in the lesson through art, drama, or games, and help children learn to use their Bible and pray. This is an important time in the life of our church as preschoolers and children learn the Bible stories that lay a foundation of faith; allowing them to be open to God's presence in their lives.

—Kristen Muse

GREETINGS FROM... (CONTINUED)

THE MINISTER WITH STUDENTS

"Love the Lord your God with all your heart, soul, strength and mind." Jesus says this is one of the two greatest commandments for persons of faith. Sunday school is a key time for teachers and students to dive deeply into ancient scriptures and sift through layers upon layers of stories and tradition to learn how God is speaking to the teenage generation today. We take seriously Jesus' call to love God with our all of our minds. We encourage our teenagers to ask questions, think critically, and use their intellect while exploring the faith stories of God's living Word. HBBC Sunday School is a safe place for students to explore their relationships with God, ask tough questions, grow in faith, and feel accepted by God and friends regardless of their convictions. Sunday school then is an excellent occasion to teach, guide and share God's love in Jesus Christ with our students.

—David With

THE SUNDAY SCHOOL DIRECTORS

We resonate with the Sunday School vision described by Phil Stone, Sunday School Director for the Baptist State Convention of NC: "Sunday School at Hayes Barton Baptist Church is not an internally focused church program. It's a way of living as the body of Christ. It's about being the presence of Christ in our world. We strive to reach those exploring Christianity and help those growing in Christ to mature as disciples. Our Sunday School is an inclusive, open ministry through which growing disciples 'do' discipleship, by building relationships (with people in their world) into friendships and then connect and assimilate those new friends in a small, open group where they can find compassion, hope, and community; a ministry for the whole person; a welcoming, open environment where they can discover a personal relationship with Christ and experience life-changing Bible study." We will work to help attain these heights in Sunday School at HBBC.

—Nancy & Tom Cashwell
